# WELCOME MESSAGE

“At **Kitchens Station**, we are not in the business of selling equipment we are in the business of enabling performance. Building on the success of **Espresso Station**, we have evolved into a company that delivers fully integrated kitchen ecosystems, designed to meet the highest standards of the modern hospitality industry. Aligned with Saudi Vision 2030, we are proud to contribute to the Kingdom’s transformation into a global culinary destination. Our role is to ensure that every kitchen we support is built on a foundation of precision, reliability, and operational excellence. We believe that true partnership goes beyond delivery, it is about being present, responsive, and committed to our clients’ long-term success. At **Kitchens Station**, performance is not an aspiration. It is a standard we deliver—every single day.”

**Waleed F. Al Khaldi**

CEO – Homogeneous Services for Trading Company

# ABOUT US

Every exceptional culinary experience begins long before service starts. It begins with precision, flow, and the reliability of the systems operating behind the scenes. **Kitchens Station** was founded in 2020 in Al Khobar, Kingdom of Saudi Arabia, as the evolution of **Espresso Station**, built on the insight that a kitchen performs only as well as its weakest element. From a small home-based initiative during the pandemic, the company quickly grew into a trusted provider of high-performance kitchen ecosystems across the Kingdom. In a fast-growing and demanding hospitality market, we recognized the gap between talent and infrastructure. Chefs were working within inefficient layouts, fragmented systems, and inconsistent equipment standards. **Kitchens Station** was created to solve this not by supplying products, but by engineering complete performance ecosystems.

**We do not simply supply equipment.**

**We curate performance.**

**We do not merely install appliances.**

**We engineer integrated culinary stations.**

Rooted in the Kingdom, our approach is guided by a deep understanding of the operational rhythm of professional kitchens particularly the discipline of the “Working Triangle”: the seamless flow between storage, preparation, and cooking. Today, Kitchens Station serves as a strategic partner to hospitality leaders across Saudi Arabia and the region. From boutique specialty cafés to high-volume flagship operations, we deliver industrial-grade luxury solutions that combine engineering precision with refined design.

## Key Milestones:

- **2021:** Establishment of **Espresso Station**
- **2022:** Opening of Al Khobar Showroom – **Espresso Station**
- **2023:** Opening of Riyadh Showroom – **Espresso Station**
- **2024:** Expansion and launch of **Kitchens Station**
- **2025:** Launch of Innovation Kitchens in Riyadh and Al Khobar within one week

# VISION & MISSION

## MISSION

### "Our Daily Promise"

To empower hospitality operators and culinary professionals to perform at the highest standard through **world-class equipment, precision-engineered kitchen design,** and a fully integrated **support ecosystem.**

We are committed to optimizing the **Working Triangle** within every project ensuring seamless integration between storage, preparation, and cooking delivering **efficiency, reliability, and operational excellence** at every stage.

At Kitchens Station, performance is not an ambition. It is a **system we build.**

## VISION

### "The 2030 Landmark"

To architect the future of culinary performance in Saudi Arabia, establishing Kitchens Station as the national reference for high-performance kitchen ecosystems and a **key enabler of the Kingdom's emergence as a world-class gastronomic destination.**

# WHERE WE OPERATE

Our operations are strategically positioned to serve the region's most dynamic hospitality markets:

- Al Khobar, KSA – Headquarters & Innovation Hub (2020)
- Riyadh, KSA – Innovation Kitchen & Office (2022)
- Dubai, UAE – Regional Expansion Hub (2023)

This presence allows us to combine **local expertise** with **regional reach**, delivering consistent service excellence across markets.

# PREMIUM SERVICES

At Kitchens Station, we deliver more than equipment—we deliver **precision-engineered performance systems**. Our services are designed around one objective: **maximizing operational efficiency and ensuring uninterrupted performance**.

## Integrated offering includes:

- Kitchen planning and workflow optimization
- Equipment specification and system integration
- Installation, testing, and commissioning
- Preventive maintenance and lifecycle support
- Rapid-response technical services

Through our **innovation showrooms** and **live demonstrations**, clients experience our solutions in action bridging the gap between specification and real-world performance.

Because we don't measure success by delivery.  
We measure it by how well your kitchen performs—every day.

# DEAR CLIENTS

We partner with a diverse portfolio of clients across the **hospitality** and **foodservice sectors**, including:

Each solution we deliver is tailored to meet specific operational demands ensuring **durability, efficiency, and consistent output at scale.**

# VALUED CUSTOMERS

Our clients include leading hospitality groups, international operators, and high-growth foodservice brands. Their continued trust reflects our ability to deliver not just solutions but **long-term operational value**. At Kitchens Station, we don't build transactions.

**We build performance partnerships.**

# PROJECT MANAGEMENT

Kitchens Station delivers fully integrated **project management solutions**, designed to execute complex kitchen environments **with precision and control**.

## Our approach includes:

1. Equipment planning and calibration
2. Design and layout optimization
3. Engineering and MEP coordination
4. Procurement and logistics control
5. Installation and commissioning
6. Operator training
7. Post-launch optimization
8. Preventive maintenance programs

Every project is executed with a focus on **efficiency, uptime, and long-term reliability**—ensuring that each kitchen operates as a **cohesive, high-performance system**.

# WAREHOUSE & SPARE PARTS

Our extensive inventory ensures **immediate access to equipment and critical components**, minimizing downtime and maintaining operational continuity.

Because in high-performance kitchens, **every second counts.**

# INNOVATIONS SHOWROOM

2500+ Kitchen Solutions across a 2000 SQM Showroom

Our showrooms in **Al Khobar (2021)** and **Riyadh (2022)** are designed as **experiential environments**, where clients engage directly with our solutions.

Through **live demonstrations** and expert guidance, we transform concepts into **tangible, high-performance systems**.

FROM **CONCEPT** TO **CREATION**

# ASSURED WARRANTY

Our commitment to

**PERFORMANCE EXTENDS  
BEYOND INSTALLATION.**

All Kitchens Station solutions are backed by structured warranty programs and supported by responsive technical teams ensuring minimal downtime and uninterrupted operations. Because

**RELIABILITY IS NOT A FEATURE.  
IT IS A RESPONSIBILITY.**

**Visit us at our branch:**

**Al Khobar:** Al Bustan District – before Mövenpick Hotel

**Riyadh:** Olaya Main Road – opposite JACOB&CO

**Dubai:** Churchill Executive Tower
